

Mindset khud se banana pdega... Sirf class join karne se nahi hoga...
Agar galti se ho gya toh survive nahi ho paega
Ek chote topic ka 5 din time me roj practice karo mast... expert bn jaoge..
Failure hona is a process... fail hote hote hi pass honge... bina fail hue pass ho hi nahi skte..
IT me naukri dhondhna hai accha skill pr dhondhna hai jaha pr skill ka value ho... skill ka value hoga to aadmi ka value hoga waha
Har din 50 companies me apply karo... Sab companies ke website pr chle jao aur apply krna shuru krdo bdia resume leke...
Koi bhi doubt nahi rakhna hai kisi bhi point pr... Jb tk doubt rahega tb tk naukri nahi hoga...
Handson is very important + 2-4 bando ko pakad ke padana hai topic..
fir notes banana hai short me.. handwritten notes...
Har din notes ko 15-30 min revise karlo..
raat me sone se pehle jo jo bhi plan tha usko visualise karna hai
Health pr 45 mins time is very very important
Accha food intake, No outside junk food.
Sabse worst case me kaise aage bd rahe hai vo important hai..
Interview har din dete jana hai..
Confidence jb aaega tb handson hoga, aur interview me fail hoke aaoge.. Duniyadari chhodo, bs kaam pr focus karo
agar nahi de raho ho toh kitna bhi padlo nahi hoga... lekin agar glti se ho gya toh thode time me gadbad ho jaega
ye process ek baar ke lie nahi banaya gaya hai... ye lifetime ke lie banaya gaya hai Freelancing ke lie expertise chahiye, pehle naukri me jake 35-40 lakh package pr jake freelancing me dimag lgana hai
choti soch aur pao ka moch jivan me kabhi nahi aage bdne deta hai
Zero tolerance choti buddhi ka..
Baikati sun ne ka patience aa gya toh kuch bhi kr skte ho...

Requirement Ek naya vm banao jisme database install karenge
Kya naya child module banana pdega?
No
Ek production environment bana do?
